

Assignment #9a

PROG9A.BAS

Assignment #9a will use one SUB ROUTINE with an empty argument list.

Input:

Your SUB ROUTINE (Addition) should ask the user to enter two numbers.

Processing Requirements:

- 1) Your MAIN program should have only one executable line of code, the call to your SUB ROUTINE Addition.

Output:

Your SUB ROUTINE should add the two user provided numbers together and print out the results similar to the following.

10 + 5 = 15
