Assignment #9c   PROG9C.BAS

Assignment #9c your MAIN program should make a call to a SUB ROUTINE that will multiply two user supplied numbers.

Input:

Your MAIN program should ask the user to enter two numbers.

Processing Requirements:

1) Your MAIN program should call the SUB ROUTINE (Multiplication) and pass the user provided numbers *by value* to the SUB ROUTINE (Multiplication).

Output:

Your SUB ROUTINE should multiply the two numbers and print out the results similar to the following.

```
10 X 5 = 50
```
